Dear Ms. Wright:

RE: Permit No. **S2-30368**

Enclosed is your permit No. **S2-30368**, which includes your Development Schedule.

Proof of Appropriation form

Our information indicates that your water project is completed. The next step toward securing a water right certificate is to put the water to full beneficial use on or before **October 1, 2008**. Once this is done, complete the enclosed "Proof of Appropriation of Water" form. This form must be **notarized** and returned to the Water Resources Program at Ecology's Southwest Regional Office. Because this permit is being issued only for the duration of the Elwha River Ecosystem and Fisheries Restoration project or until salmon populations are self-sustaining, final certificate will not be issued.

Please submit the **parcel number** for the point of diversion/withdrawal for where your project is located (and the place of use, if different). Parcel numbers can be found on property tax statements.

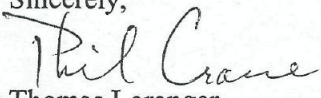

Upon receipt of your completed "Proof of Appropriation of Water" form, we will review the information and may come out to inspect your project.

Read your permit

Please read through your entire permit, along with the enclosed water right information sheet, to be sure you fully understand the terms and responsibilities associated with your permit.

If we can provide any further assistance, please contact our office at (360) 407-6300.

Sincerely,

for 
Thomas Loranger
